When you live in Serenity, every day feels like an escape. So, if you often feel like the world's moving a little too fast—and dragging you along with it—welcome to a place where you can slow down and just enjoy the moment. Because everything here moves at its own leisurely pace. Even many of the unique amenities—including the Serenity Gathering Hall, Swimmin' Hole, Hammock Station, the Retreat, and the Country Dog Park—are designed to help residents spend some old-fashioned quality time with family, friends, neighbors, and even their own thoughts. If you think the amenities sound enchanting, wait until you experience the irresistible homes from our Wildflower Collection. Each plan is as unique as the people who live here in Serenity. And, because they're designed to take advantage of the natural light and beautiful views, you'll love spending time on your porch or deck enjoying a pace of life from simpler times.

**Embrace the tranquil life at Serenity. Joyfully Built. Meaningfully Different.**

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
