If you love the idea of living in Chapel Hill, NC, and want to feel like you're truly a part of a unique, cohesive community, you've come to the right place. Weavers Grove is unlike anything you've experienced before, because it's being designed from the ground up to transform the way people think about neighborhoods, neighbors, and what it means to live together. The community concept, being led by Habitat for Humanity of Orange County and its partners, is a mission to intentionally build connections in a thriving, mixed-income community. Here, people from diverse backgrounds can come together and celebrate their passion for human connections. The shared community spaces- like lawns, playgrounds, natural spaces, and pavilions—are meant to provide gathering places for neighbors and their families to relax, talk, eat, laugh, learn and play together. Your home at Weavers Grove will be as welcoming as those shared spaces. The design choices are as varied as the cultures you'll experience each and every day — so you're sure to find just the right fit. Centrally located just minutes from both UNC Chapel Hill and Duke University, Weavers Grove is an ideal spot for medical students looking for convenience and comfort all in one place.

Embrace the connected life at Weaver Grove. Joyfully Built. Meaningfully Different.

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
