3 Elevations Available

 1,350+ Sq. Ft.

 3 Bedrooms

 2.5 Bathrooms

We wanted to harness the feeling of a life made simple with a floorplan that welcomes you home the same way. So, we kept it simple with one cozy open living space, one main floor primary suite, and two upstairs bedrooms connected by a Buddy Bath. The windows in the living space and kitchen allow in the perfect amount of natural light.
