Ever heard the phrase, "Luck is what happens when preparation meets opportunity?" Meaning, maybe we should give ourselves more credit for the luck that we make for ourselves by preparing for the opportunities we encounter. What appears as Lucky to others is actually the tradeoff for showing up everyday to build the life you've imagined. And if you've imagined a fully open first floor for maximum furniture placement flexibility and purpose driven living, well you're in luck! Also what about all bedrooms upstairs and thoughtfully connected bedrooms and bathrooms that maximize functionality and privacy? Guess it's Lucky we have just the right plan for you! This home also features a first-floor study, a cozy fireplace in the living room, a screened-in porch for those relaxing evenings, and a gourmet kitchen to inspire your inner chef. Plus, it's been elevated with the stylish "Romeo and Juliet" interior design package for that extra touch of romantic flair.
