

Honoring fallen soldier and Hero, SGT Justin B. Onwordi and the Onwordi Family, whom we built and dedicated the 16th Hero Home, this is the Onwordi Townhome. This three-story luxury townhouse includes a 2-car garage, thoughtful storage options, and a first floor Guest Suite. The front porch not only serves as an atheistic eye-pleaser, but also allows for quick and easy access for all of shops and amenities that Treelight Square has to offer. The second floor features a thoughtful open floor plan living space, a private study, an over-sized kitchen with a sit down island and a dining room big enough for eating, entertaining or sharing the occasional treat brought home from S onder C offee or Don B eto's Tacos & Tequila. When the weather calls for it, overlook all Treelight S quare has to offer on your outdoor balcony. The third floor includes a massive Primary S uite, two additional bedrooms, and spacious laundry room. This home has been completely upgraded with our designer-curated interior package, Hart & Rock.
