

Priced From  
**\$409,990**

2 Elevations Available

 1,896+ Sq. Ft.

 3 Bedrooms

 2.5 Bathrooms

If you can't decide which home in this collection is your favorite, this might be the plan for you. It's an all star lineup of the best features from the Rock, Paper, Scissors, and Shoot all in one and then some. Open floor plan and oversized kitchen island? Check. Mudroom? Check. Outdoor living? Check. Upstairs you'll find the Primary bedroom along with two additional bedrooms, plus laundry and extra storage. Did we mention the loft? Because it checks that box too. Also the Primary Suite has TWO walk-in closets so no one has to play Roshambo to see who gets more closet space.
